Dear Jon,

Jon we thank you for being an awesome servant in the legal profession. You give each person your undivided attention to their specific story and need. Even though your services can be during difficult or challenging circumstances you have a discernment to cut to the chase and get business done for all parties.

Even choosing you way back when was God's hand because I actually said let's not get the Bellevue lawyer! What do I know?!

We have always appreciated your wisdom and your professional conduct in our family and consider it God's provision for us. Thanks once again for being a blessing.

As the adage goes, your check is in the mail!

Gratefully and Sincerely,

Ed and Sue Mills
